

OnCommand® and E-Command® 4

AUTOMATION CONTROLS

Ideal Entry-Level Automation
for Pools and Spas.

Automation

OnCommand® and E-Command® 4 — entry-level automation for a whole new group of pool and spa owners.

Control almost anything
in the backyard.

It doesn't matter how simple or elaborate a pool is, they're all made to relax in, not work on. That's why we've introduced OnCommand and E-Command 4. They bring the luxury of automating pool, spa and other backyard functions to owners who thought that pool automation was unaffordable.

Choosing either OnCommand or E-Command 4 gives you a full range of automation features. They allow you

to automate pool, spa, and even ancillary backyard functions. Your pump, filter, heater, cleaner, pool, spa and landscape lighting, even water features can operate automatically, while you concentrate on fun.

Automating tasks with an OnCommand or E-Command 4 can pay for the unit, by saving up to 70% on energy costs year after year.

ONCOMMAND AND E-COMMAND 4 FEATURES

- Manages pool, spa and other backyard features automatically or with the push of a button
- Pool and spa light dimming relays sold separately
- Intuitive programming, easy-to-read display

- Solar
- Music Stereo System
- Outdoor Porch Lighting
- Bug Lights
- Actuated Valves
- LED and Incandescent Pool and Spa Lights
- Automatic Pool Cleaners
- Salt Chlorinators
- UV Systems
- Filters
- Jets (spa)
- Blowers (spa)
- Sprinklers
- Flood Lights
- Landscape Lighting
- Non-Attached Water Features
- Pond Pumps
- Fire Pit and more

Don't need or already have an electrical subpanel on the pool equipment pad? Choose OnCommand.

- Ideal for retrofit of outdated time clocks

Need an electrical subpanel on the pool equipment pad? Choose E-Command 4.

- Integrated subpanel operates as its own breaker box
- Ideal for new installations
- Optional relay can be added for increased versatility

- Automates up to 4 features, 3 valves, heater and solar controls
- Automated schedules for off-peak electrical rates
- Optional remote control

- Up to 70% energy savings controlling a two- or variable-speed pump
- Three-year limited warranty

Information and Specifications

Ordering information

OnCommand Base Systems	
ONCOM	OnCommand controller
ONCOM-ACT	OnCommand with 2 additional actuators
ONCOM-RC	OnCommand with 6-function remote and wireless antenna
ONCOM-ACT-RC	OnCommand with 2 actuators and 6-function remote and wireless antenna
ONCOM-POD	OnCommand with Aqua Pod remote and base station
ONCOM-ACT-POD	OnCommand with Aqua Pod remote, 2 actuators and base station
E-Command 4 Base Systems	
HPC-4	E-Command 4 controller
HPC-4-ACT	E-Command 4 with 2 additional actuators
HPC-4-RC	E-Command 4 with 6-function remote and wireless antenna
HPC-4-ACT-RC	E-Command 4 with 2 actuators and 6-function remote and wireless antenna
Common Accessories	
AQL-DC	Light hub (eliminates junction box)
AQL2-SS-RF	6-Function waterproof remote
AQL2-BASE-RF	RF Antenna
GVA-24	Valve actuator, 24V, 75A, 15ft cable
V&A-1P	Actuator & 1 1/2" 3-port valve
V&A-2P	Actuator & 2" 3-port valve
AQL-DIM	Dimmer Kit
AQL-RELAY-DC-KT	DC High Voltage Relay Kit (replacement)
OnCommand Only Accessories	
AQL2-POD	Aqua Pod, waterproof, wireless remote requires antenna listed above
E-Command 4 Only Accessories	
AQL-RELAY-AC-KT	AC Relay Kit
