

POWERFUL DESIGN. VERSATILE PERFORMANCE.

The TriStar® XL is a game changer for large residential pools, feature-rich pools or complex pool pad configurations. Engineered for performance and versatility, the TriStar XL delivers increased flow from extra-large three-inch unions, the removable strainer housing allows for more adaptable pump configurations, and the oversized strainer basket reduces cleaning and maintenance.

KEY FEATURES

- » **Versatile strainer housing and motor** can be plumbed separate for complex pool pad configurations*
- » **Remote pump control with Omni® automation** to manage speed, scheduling and more
- » **Digital interface makes pump control easy**, and offers options for rotating or wall-mounting to fit your space
- » **Includes standard union connections (2.5" x 3")** that allow for increased flow and easy drop-in replacement
- » **Totally enclosed fan-cooled (TEFC) motor** maximizes energy efficiency
- » **Chemical-Resistant Viton® Seal** for long-term durability
